A Different Approach to Evaluating State Music Festival Performances

Davine Davis, Missouri
September 20, 2017
Background

- Missouri has a 2 tier system of adjudication in place for solo/small ensemble festivals.
- Solos and small ensembles of 8 or fewer may advance to the state solo/small ensemble festival if awarded an Exemplary rating.
- Same process for adjudication used at state festival.
District Evaluation Standards

- District has five ratings available
  - **Exemplary** – A performance that consistently demonstrates true musical expression and few technical errors. The performance is worthy of the distinction of being recognized as among the very best.
  - **Outstanding** – A performance of distinctive quality yet has minor defects in musical expressions and fundamental techniques.
  - **Satisfactory** – A performance showing accomplishment and marked promise, but lacking consistency of musical expression and fundamental technique.
  - **Developing** – A performance indicating room for improvement in consistent musical expression and fundamental technique. Such a performance would include many technical errors, poor musical expression and ineffective use of existing instrumental or choral voicing.
  - **Ineffective** – A performance indicating obvious lack of overall preparation.
Issues Facing Committee

- Do we continue with a 2 tier system?
- If yes, how do we define the state solo/small ensemble adjudication expectations to set it apart from the district festivals?
- Standards of Ratings and adjudication forms should clearly reflect this distinction.
- Universal concept; something everyone can understand
