Program Access & Equity in High School Athletics

Many states require athletic departments to report participation numbers and in many cases budgets to state education boards.

- How many AD’s have to report their budgets to their state boards of education?
- How many AD’s have conducted Interest Surveys to assess the needs of your students?
- How many AD’s conduct player & parent assessments upon the completion of your seasons?
- Do you have a plan to increase access & opportunities to your student population?
